# OUR SERVICES

## Our services

We sell hardware, computer systems, information technology and related services. It sells various computer hardware and software for business and personal applications, mobile phones and accessories, as well as related accessories like printers, photocopiers, scanners and presentation equipment. We also provide technician services for computer software installation, networking, computer hardware and more.

## We take care of our clients and make their lives easier.

We aim to live up to our expectations of our knowledge and our attitude towards our customers. To deeply embed this philosophy across the entire team, we have instituted new procedures. Additionally, we run a contest to encourage team members to share client experiences.

## Offers feature-rich, professional products.

One of our performance goals is to provide our customers with the best products at the best possible price. No one is challenging us or other executives to “true performance targets” on this target. We represent major brands in this region including **Apple iMac & Macbook, Dell, Hewlett Packard (HP), Lenovo, Acer, Intel and AMD.**
